Workplace Information	36

A practical, convenient and innovative new system, designed to effectively equip your workplace with first aid, ensuring your legal requirements are met.

All workplaces are unique, the first aid requirements are too.

Choosing from six individual options will let you create the Workplace First Aid System your risk assessment demands.

WORKPLACE EXAMPLES

AED + Biohazard + Catering + Eye Wash + Chemical

Workplace + Burns + AED

Select 1, 2, 3, 4 or even 6 panels for your system, any combination is possible to suit your workplace.

Two joining pieces for the top and bottom (included with each system), connect two or more stations together.

First aid kits are supplied complete with a security seal, so Health & Safety Managers can easily monitor first aid usage.

Each panel includes guidance signage to assist in relevant first aid measures.

WORKPLACE FIRST AID SYSTEM

Compliant to Latest BSI Workplace Standards.

CONTENTS

- 1 Accident Book
- 1 Sign 'Workplace System Guidance'
- 1 Medium BS8599-1 Workplace Kit
- 1 Pilfer Proof Plaster Dispenser:
- 40 Fabric Plasters in Pilfer Proof Wallet
- 45 Washproof Plasters in Pilfer Proof Wallet

9100 Workplace First Aid System
75cmH x 34.7cmW x 10.5cmD
UNIT: 1 PACK: 1

CATERING FIRST AID SYSTEM

Compliant to Latest BSI Workplace Standards.

CONTENTS

- 1 Accident Book
- 1 Sign 'Workplace System Guidance'
- 1 Medium BS8599-1 Catering Kit
- 1 Pilfer Proof Plaster Dispenser:
- 70 Blue Plasters in Pilfer Proof Wallet

9101 Catering First Aid System
75cmH x 34.7cmW x 10.5cmD
UNIT: 1 PACK: 1

EYE WASH FIRST AID SYSTEM

Provides fast and effective treatment for minor eye injuries.

CONTENTS

- 1 Accident Book
- 1 Sign 'Eye Wash System Guidance'
- 1 Eye Wash First Aid Kit
- 1 Eye Wash Pod Kit

9102 Eye Wash First Aid System
75cmH x 34.7cmW x 10.5cmD
UNIT: 1 PACK: 1

BIOHAZARD CLEAN-UP SYSTEM

Body Fluid and Sharps Clean-up packs contain everything required for containment and disposal in individual boxed applications.

CONTENTS

- 1 Accident Book
- 1 Sign 'Biohazard System Guidance'
- 1 Biohazard Body Fluid Clean-up Kit
- 1 Biohazard Sharps Clean-up Kit

9103 Biohazard Clean-up System
75cmH x 34.7cmW x 10.5cmD
UNIT: 1 PACK: 1

CHEMICAL SPLASH FIRST AID SYSTEM

Eye and Skin flush kit with Redcap Phosphate Buffered Solution to help neutralise both acid and alkali splashes, complete with a dedicated Hydrofluoric acid treatment kit.

CONTENTS

- 1 Accident Book
- 1 Sign 'Chemical System Guidance'
- 1 Eye Wash and Skin Flush First Aid Kit
- 1 Hydrofluoric Acid Treatment Kit

9201 Chemical Splash First Aid System
75cmH x 34.7cmW x 10.5cmD
UNIT: 1 PACK: 1

BURNS FIRST AID SYSTEM

For the treatment of minor burns; includes various sized dressings to relieve pain, cool, and comfort.

CONTENTS

- 1 Accident Book
- 1 Sign 'Burns System Guidance'
- 1 Burns First Aid Kit:
- 1 Hydrogel Burn Plasters Kit

9104 Burns First Aid System
75cmH x 34.7cmW x 10.5cmD
UNIT: 1 PACK: 1

AED SYSTEM

Everything required for the effective treatment of adults or children in a CPR emergency. Includes Prep Kit prior to AED treatment.

CONTENTS

- 1 Accident Book
- 1 Sign 'AED System Guidance'
- 1 Mediana A15 Automatic External Defibrillator
- 1 AED Prep Kit

9105 AED System
75cmH x 34.7cmW x 10.5cmD
UNIT: 1 PACK: 1

STATUTORY FIRST AID BS8599-1 AND THE LAW

What does the law say?

The Health and Safety (First Aid) regulations 1981 states:

"An employer shall provide or ensure that there are provided such equipment and facilities as are adequate and appropriate in the circumstances for enabling first aid to be rendered to his employees if they are injured or become ill at work"

BS8599-1:2019

1. Guidance for employers on first aid kits in a workplace environment.

The quantities and sizes of first aid kits to be used in a workplace environment should be determined by the number of people on site and the category of hazard they are exposed to. The following table categorises workplaces by level of risk, and then recommends an appropriate size of kit, depending on the number of employees and members of the public exposed to those risks.

1. DO A RISK ASSESSMENT.

LOW RISK: (e.g. shops, offices, libraries etc.)

HIGH RISK: (e.g. light engineering and assembly work, food processing, warehousing, etc.)

2. DECIDE ON THE SIZE AND QUANTITY OF KITS REQUIRED TO MEET YOUR RISK NEEDS ASSESSMENT.

SMALL KIT USAGE GUIDELINES

LOW RISK: 1 kit for less than 25 employees
HIGH RISK: 1 kit for less than 5 employees

MEDIUM KIT USAGE GUIDELINES

LOW RISK: 1 kit per 25-100 employees
HIGH RISK: 1 kit per 5-25 employees

LARGE KIT USAGE GUIDELINES

LOW RISK: 1 kit per 100 employees
HIGH RISK: 1 kit per 25 employees

TRAVEL AND MOTORING *

1 Medium Kit

* Staff working remotely from a company vehicle should be equipped with a travel and motoring first aid kit. This does not supersede BS8599-2 for vehicle first aid kits, employers should refer to BS8599-2 when equipping vehicles with first aid kits.

	SMALL	MEDIUM	LARGE	TRAVEL AND MOTORING ¹	PERSONAL ISSUE ¹	CRITICAL INJURY
Bandage, Conforming	1	2	2	0	0	0
Bandage, Triangular	2	3	4	1	1	0
Dressing Pad, Adhesive	0	0	0	1	0	0
Dressing, Burn ³	1	2	2	2	0	0
Dressing, Eye Pad	2	3	4	0	0	0
Dressing, Finger	2	3	4	0	0	0
Dressing, Haemostatic ⁴	0	0	0	0	0	2
Dressing, Sterile, Large	2	3	4	0	1	0
Dressing, Sterile, Medium	2	4	6	1	0	0
Dressing, Trauma, Large	0	0	0	0	0	2
Dressing, Trauma, Medium	0	0	0	1	0	0
Foil Blanket	1	2	3	1	1	1
Gloves, Nitrile (Pairs)	6	9	12	2	2	2
Guidance Leaflet	1	1	1	1	1	1
Plasters, Washproof Assorted	40	60	100	10	10	0
Resuscitation Face Shield ²	1	1	2	1	1	0
Shears	1	1	1	1	1	1
Tape, Microporous	1	2	3	0	0	0
Tourniquet	0	0	0	0	0	1
Wipes	20	30	40	10	4	0

¹ The quantities in the travel and motoring first aid kit and personal issue first aid kit are appropriate for one person only.

² The shield is used to protect a first-aider from infection from a casualty during mouth-to-mouth resuscitation.

³ A Burn Dressing cools the burn injury without any prior treatment with water or any other medium.

The dressing does not dry out within one hour of application.

⁴ A haemostatic dressing is more effective than packing with plain gauze and pressure.

STATUTORY FIRST AID BS8599-1 CATERING & CONSUMABLES

All Blue

BS8599-1 compliant Catering Kits are specifically intended for use in busy kitchens and all catering environments. Contents are blue, making it an all blue catering kit.

It is an offence to contaminate food. BS8599-1 Catering Kits have been specifically designed with all blue contents, demonstrating that every reasonable precaution to prevent food contamination has been taken.

Q. 'Which soup contains a first aid dressing?'

A. 'Both!'

For many years it has been best practice to use blue detectable plasters in food preparation areas. Our kits far exceed this requirement by providing you for the first time with a kit where the majority of products, including dressings and wipes, are blue. With one of our all blue Catering Kits in your workplace, there is no better way to demonstrate to the authorities that you are taking your responsibilities seriously.

CONFORMING BANDAGE - BLUE

Soft, lightweight, conformable.
Superb stretch, comfortable to wear.
Excellent for securing dressings.
Specifically designed for the food industry.

2432 Reliform Conforming Bandage - Blue
7.5cm x 4m

HSE DRESSINGS - BLUE

Sterile dressing with conforming stretch bandage.
Specifically designed for the food industry.

942 HSE Dressing - Blue
Medium 12cm x 12cm

943 HSE Dressing - Blue
Large 18cm x 18cm

TRIANGULAR BANDAGE - BLUE

Multi-functional bandage.
Ideal for slings and splinting.
Specifically designed for the food industry.

941 Triangular Bandage, Blue - Single Use
90cm x 127cm

EYE PAD WITH BANDAGE - BLUE

Sterile eye pad.
Specifically designed for the food industry.

940 Eye Pad with Bandage - Blue
with bandage No.16

FINGER DRESSING - BLUE

Small dressings designed for fingers.
Offers more protection than a plaster.
Specifically designed for the food industry.

2434 Finger Dressing - Blue
with bandage No.7

DEPENDAPLAST BLUE PLASTERS

Metal detectable.
Soft, flexible, washproof material.
Allows skin to breathe.
Low-allergy adhesive. Latex-free.

STATUTORY FIRST AID KITS BS8599-1 TRAVEL & BS8599-2 MOTORING KITS

BS8599-1:2019

2. Guidance for employers on provision of supplementary first aid kits.

The following table provides recommendations for employers on quantities of supplementary first aid kits for the workplace as an extra resource British Standard Compliant Small, Medium, Large and Travel & Motoring First Aid Kits.

Type of Kit or Pack	Quantity and size of first aid kit
PERSONAL ISSUE FIRST AID KIT ** <i>e.g. security personnel, cleaners, maintenance, etc.</i>	1 kit should be issued to individual first aiders and other employees where appropriate to their role.
CRITICAL INJURY PACK *** <i>e.g. work with dangerous machinery or sharp instruments, cutting equipment, power tools, construction, agriculture, forestry, etc.</i>	Appropriate numbers of this pack should be stored, in line with the risks assessed. Employers should take into consideration the maximum number of people on site at any one time.

** Employers might consider equipping first aiders in their workplace with a personal issue first aid kit.

*** In addition, following a risk assessment, an employer might consider storing appropriate quantities of critical injury packs to be equipped to deal with injuries to employees or the public resulting from acts of terrorism or other mass casualty incidents.

BS8599-2

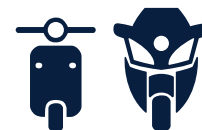

British Standard for Vehicle First Aid Kits

Using the latest data, including accident and research statistics used in F1 racing car design, industrial and medical professionals have produced a new standard to meet the medical needs of road traffic victims during the critical period prior to the arrival of the Emergency Services. Components have been specifically selected for ease of use, and for coping with (without any special training), both minor and major road traffic accident injuries.

To account for various types of vehicle and passenger carrying capability, the BS8599-2 kit is available in three sizes. Whether a motorcycle, bus, van, or double decker bus, there is a suitable kit. The size and the quantity of kits for any vehicle is determined by the vehicle type and passenger numbers.

SMALL VEHICLE FIRST AID KIT BS8599-2 COMPLIANT

For moped, motorcycle, motor tricycle, and quadricycle. (maximum 3 passengers)

MEDIUM VEHICLE FIRST AID KIT BS8599-2 COMPLIANT

For car, taxi, van, and truck. (maximum 8 passengers)

LARGE VEHICLE FIRST AID KIT BS8599-2 COMPLIANT

For minibus, bus, and coach. (maximum 16 passengers, larger passenger vehicles will require multiple kits to suit)

BS8599-1:2019 PERSONAL ISSUE WORKPLACE KIT

1 kit should be issued to individual first aiders and other employees where appropriate to their role.

Hand Dressing with Finger Separators

Isolates fingers individually to prevent webbing.
Finger separators immediately cover all digits.
Fingertips are easily accessible for observation.

5926 CoolTherm Hand Dressing
Sterile One Size

Sewn in finger separators help prevent webbing.

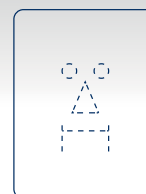

Fingertips are easily accessible.

Dual Purpose Face Mask Dressing

Eye, nose, and mouth apertures are perforated and can be removed for use on a face. Size is also suitable for covering larger body areas such as a limb or the torso.

5925 CoolTherm Dual Purpose Face Mask Dressing
30cm x 40cm

Perforations provide Medics with options on how to apply the dressing

DEPENDAPLAST

technology | quality | construction

Dependaplast plasters offer a full and comprehensive range of the most popular shapes and sizes.

Plasters are neatly packed, allowing for clear, easy access, and because the boxes are smaller, save on storage too. Ideal for refilling first aid kits or to keep as backup supplies.

All Dependaplast plasters are latex-free with a Rayon wound contact layer.

- A PROTECTIVE FILM**
Easy to remove without touching the wound pad.
- B WOUND CONTACT LAYER**
Designed not to stick to the wound site.
- C ABSORBENT LINT**
Modern high absorbency materials.
- D ADHESIVE**
Our traditional fabric plasters employ high bond adhesive. Others in the range feature low-allergy adhesives for sensitive skin.
- E PLASTER MATERIAL**
Lightweight, soft, conformable weave fabric.
- F OUTER PROTECTIVE WRAPPER**
Made from paper to give easy access by tearing. Fumble-free wrapping maintains sterility.

DEPENDAPLAST ADVANCED FABRIC PLASTERS

Stretchable fabric weave.
Water-repellent.
Super-sticky adhesive.
Lightweight. Latex-free.

962	TraumaFix Dressing	10cm x 18cm
963	TraumaFix Dressing	15cm x 18cm

PRESSURE PAD

Watch the video

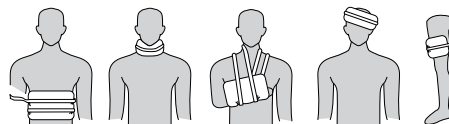

MAXIFLEX, EXTRA LARGE, MULTI-USE DRESSING

Extra large dressing.
Unique features for major injuries.
Super-absorbent wound pad.
Wound coverage 30cm x 45cm.

Extra large dressing with multiple uses. Super-absorbent, made from stretch bandage material with a dressing pad. For use when more than standard HSE dressings are needed. Maxiflex dressings are suitable for all major injuries. All first aiders, emergency services and emergency service personnel should carry this dressing.

NB: Maxiflex multi-absorbent dressings do not contain super-absorbent powders. Sanitary towels and incontinence pads routinely use super-absorbent powders which turn to gel on contact with water. These gel components pose a serious medical risk if they enter the bloodstream via an open wound.

339	MaxiFlex Extra Large Dressing	30cm x 45cm
-----	-------------------------------	-------------

Maxiflex

Multi-use, Extra Large Dressing

EUROSPLINT

Immobilise broken bones and sprain injuries.
Lightweight, washproof, compact, and reusable.
Also available as a smaller finger splint.

The EuroSplint is an incredibly versatile product and is used to immobilise broken bones and sprain injuries. The splint can be shaped to suit the injured part of the body and held in place by loosely wrapping a bandage or tape around the splint. It can be used on the neck, shoulders, arms, fingers, wrist, knee, legs, and ankles. Special metal, macromolecule foam keeps the splint clean and dry. Store in well ventilated area at room temperature, away from direct sunlight. Can be used with X-Rays.

748	EuroSplint Roll	110mmL x 90mmW x 6mmD
2749	EuroSplint Folded	110mmL x 90mmW x 6mmD
2748	EuroSplint Finger	95mmL x 45mmW x 6mmD

CONSUMABLES HOT/COLD | RESUSCITATION

RELIEF HOT/COLD PACK

Simple to heat or chill.
Clear instructions on the pack.
Reusable product.

711	Relief Reusable Hot/Cold Pack	13cm x 26.5mm
-----	-------------------------------	---------------

RELIEF INSTANT ICE PACK

Free from ammonium nitrate.
Very economic in use.
Excellent for sports, schools and kits.
Ideal sports product.

710	Relief Instant Ice Pack	100g
713	Relief Plus Instant Ice Pack	150g
7710	Relief Mini Instant Ice Pack	100g

RELIEF ICE PACK COVER

Suitable for both instant and reusable products.
Essential add-on for hot/cold packs.
Reduces risk of freeze burn.
Protects from overheating skin surface.

715	Hot/Cold Pack Adjustable Sleeve with Velcro Fastening	One Size
712	Hot/Cold Pack Non-Woven Paper Cover	One Size

HOT AND COLD SPRAYS

Handy aerosol can.
Relief from pain, inflammation and aches.

720	Freeze Spray	150ml
721	Heat Spray	150ml

FOIL BLANKET

Disposable, ultra-insulating blanket.
Heat-reflective metallic surfaces.
Also protects against wind and rain.
Helps treat or prevent hypothermia.
Available for adult and child.

760	Foil Blanket - Adult	130cm x 210cm
761	Foil Blanket - Child	120cm x 180cm

FOIL BLANKET KIT IN GREEN BAG

A must-have for public places.
Potentially life-saving product.
Helps treat or prevent hypothermia.
Perfect for evacuations or sporting events.

185	Foil Blanket Kit 100 Blankets	30H x 40W x 12.5cmD
-----	-------------------------------	---------------------

RESUSCITATION DEVICE WITH VALVE

Plastic film containing a one-way valve.
Film acts as a barrier to help prevent infection.
One-way valve allows expired air ventilation.

850	Rebreath with Valve	
-----	---------------------	--

RESUSCITATION DEVICE WITH VALVE IN KEYRING POUCH

Contains rebreath with one-way valve.
Ideal for carrying on person.
Suitable for first aid kits.

PRESTAN®

Professional CPR Training Manikins

Realistic to the eye and the touch, the Prestan Professional Manikin is unlike any other on the market. Available individually or in convenient multipacks of four for class training purposes, Prestan manikins are uniquely designed as a clamshell that accommodates an easy-to-insert face shield and lung bag.

EASY TO SET UP

Clamshell design accommodates the easy-to-insert face shield and lung bag. Light and quick to set up.

Available as a single unit, or packs of four. All manikins supplied in Medium Skin tone unless stated.

AUDIBLE CLICKER

MECHANISM Increases students' confidence in administering adequate compressions. When compressions are performed and reach the correct depth of 2"-2.4", an audible click will confirm the accuracy.

REALISTIC LOOKING AND ACTING

Full chest rise and lung bag ensures students receive a realistic experience, and can observe a true chest rise.

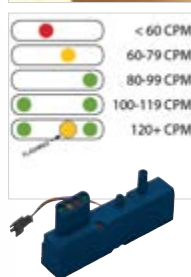

FACE/HEAD TILT

Enhances the CPR learning experience and teaches how to open the airway during CPR.

CPR RATE MONITOR

Blue CPR rate monitors warn if the 120 compression upper limit is exceeded (as recommended in the 2015 AHA Guidelines).

The CPR Rate Monitor takes the quality of training feedback to the next level, allowing visual feedback for delivering 100-120 compressions per minute.

View the full range of Prestan manikins and video tutorials now at www.prestan.co.uk

Fast and easy set-up buttons for language, scenarios, volume, play/pause, and child option.

Exclusive to the Prestan AED Trainer is the Pad Sensing System; an embedded 'switch' in the pad itself. The switch 'senses' that the AED Trainer pads are attached to the manikin torso.

PRESTAN AED ULTRATRAINER

CPR feedback and coaching.
Simulated adult/child defibrillation.
Pad Sensing System.
3 year warranty.

The AED UltraTrainer is a compact, lightweight solution with full customisation options. This trainer most closely resembles a live training experience like no other on the market. Prestan's newest UltraTrainer is fully customisable to accommodate any classroom training situation and is backed by a three year warranty. Programming can toggle between two languages and is easily upgradeable for any AHA guideline changes.

7662 Prestan AED UltraTrainer Adult/Child Replacement Training Pads Adult/Child

AED Trainer is pre-configured with ten emergency scenarios, each simulating realistic sudden cardiac arrest episodes.

MEDIANA T15 AED TRAINER

Replicates features and functions of the Mediana A15.
Provides simulated shock delivery.
Infrared remote control.
Pre-configured with 10 training scenarios.
PC software allows trainer to configure custom scenarios.
Shockable or non-shockable rhythm can be simulated by using the remote control.

The Mediana AED Trainer provides simulated shock delivery, with no high-voltage capabilities, ensuring safety during training. Complete with an infrared remote control, this gives the instructor the ability to alter training scenarios while in progress to test student response. Pre-configured with ten training scenarios that simulate realistic sudden cardiac arrest situations. The shockable rhythm or non-shockable rhythm can be simulated immediately by using the remote control. PC software allows the trainer to configure custom scenarios.

Clearly labelled as training and non-sterile.
Chosen by first aid trainers and organisations.

309 Training Dressing Medium

RESUSCITATION DEVICE WITH FILTER PAPER ON A ROLL

Provides a hygienic barrier for use on training manikins.
Ideal substitute for manikin wipes.
Assists student practice in using a face shield when performing CPR.

2851 Rebreathe with Filter Paper on a Roll One Size

FREE E-learning course at: www.medianadefib.co.uk

Training is not essential to use the Mediana AED. It is designed for untrained persons and talks you through step-by-step directions, so there is no risk of shocking a casualty in error.

Training however, can save vital seconds and dispel any confusion if you encounter a Cardiac Emergency. This course has been designed for people with little knowledge of First Aid, providing information in four bite-size sections that are easy to remember.

You will be guided through four units:

Unit 1: Encountering a Casualty having a Cardiac Arrest

Unit 2: Airway, Breathing, Circulation

Unit 3: Using the Mediana AED A15

Unit 4: After the defibrillation of the Casualty.

*All information included in the E-Learning Resource has been based on the guidelines of:
The European Resus Council & The UK Resus Council.*

AED PREP KIT

The AED Prep Kit contains basic items typically required for an AED Emergency. Designed for use in conjunction with an AED Defibrillator. Pocket mask offers protection from cross-infection. Prepare casualty's chest prior to attaching AED Pads.

2780 AED Prep Kit in Large Black/Red Compact Aura
20.5cmH x 20cmW x 6.5cmD

AED PREP KIT

Includes the essential items normally vital for an AED emergency.

2877 AED Prep Kit in Black Soft Pouch
15.6cmH x 10.8cmW x 5.4cmD

STORAGE CABINET

Toughened durable glass door.
Compatible with all AED models.
Safe and visible.
Alarm sounds when opened.
Wall mountable.

2102 AED Alarmed Metal Storage Cabinet

AED BRACKET

Universal AED bracket.
Sturdy metal bracket, ideal for mounting any AED on a wall.

2879 Universal AED Bracket Green
12.3cmH x 19cmW x 9.5cmD

MEDIANA HEARTON AED A15

Adult/Child setting with one switch.
Suitable for workplace, schools and clubs.
Automatic switch-on when lid opens.
Exceptional value.
Low lifetime cost.
Easy to use and completely safe.
Requires no experience or formal training.
Pads attached, ready for use.
Electrode pads are suitable for use on both adult and paediatric casualties.
Free tutorial and guide with every purchase.

MEDIANA A15 HEARTON AED SEMI-AUTOMATIC

The HeartOn A15 AED by Mediana is a cost effective defibrillator packed full of fantastic features.

Designed to be used by those who are minimally trained in the use of an AED, the HeartOn AED ensures users are comfortable and confident by offering voice and visual prompts. The instant switch for adult and paediatric mode means that this product is perfect for environments with mixed age groups.

Automatically switches on when opened so it's immediately ready to be used. Electrode pads are suitable for use on both adult and paediatric casualties. Visual and verbal prompts. LED indicator lights flash with the corresponding voice prompts. Self-testing with visual and verbal indicators. Disposable battery built into the handle. Rating of IP54.

CONTENTS

- 1 Mediana HeartOn AED A15
- 1 Instruction Manual
- 1 SD Card
- 1 Set Adult/Paediatric Defibrillation Pads
- 1 Soft Carry Case

2870 Mediana A15 HeartOn AED Semi-automatic 29.4cmH x 24cmW x 9.5cmD

2871 Mediana A15 Pads Adult / Paediatric

2872 Mediana A15 Battery Pack -

2873 Mediana A15 SD Card -

Adult / Paediatric Mode Switch
easily from adult to paediatric mode without changing the pads.

BATTERY

Disposable LiMnO₂ non-rechargeable. 2 yrs shelf life, 5 yrs standby life.

**ADULT / PAEDIATRIC
DEFIBRILLATION PADS**
Two-in-one electrode (adult/paediatric).

HOW TO USE

1. OPEN THE PROTECTIVE COVER.
Mediana switches on automatically when the lid is opened.

2. ATTACH THE PADS.
Pads are fixed and ready to apply to an adult or paediatric.

3. PUSH THE SHOCK BUTTON.
Set the mode to adult or paediatric, then wait for the shock button to flash 'ready' for shock delivery.
