

Powerheart G5

Experienced rescuers and first-time responders will appreciate how the Powerheart® G5 AED combines ease of use, reliability and advanced technology to help victims survive sudden cardiac arrest. The Powerheart G5 AED is the only AED to combine real-time CPR feedback with dual-language functionality and user-paced rescue prompting. It also performs automatic self-testing to ensure the device is always Rescue Ready®. Bystanders will be able to act quickly and confidently in a sudden cardiac arrest emergency.
